

7" Touch + Wifi + Ethernet VIDEO INTERCOM – SPARKELEC SVI002HD

WI-FI/ETHERNET - Mobile Phone & Tablet Configuration

For wired ethernet connection: Please make sure a working RJ45 Cat5e, Cat6 or Cat6a patch lead is connected to the network switch, router or RJ45 wall socket that has a working internet connection (The router/switch must be able to assign IP addresses via DHCP).

Otherwise, follow this Wi-Fi Configuration below:

	<p>Step 1: Press the “SET” Button</p>
	<p>Step 2: Press the red icon on the top right-hand side & then click on the triangle (the “Reset Wi-Fi” category)</p>
	<p>Step 3: It will ask you to reset Wi-Fi. Press “YES”</p>

Now you can setup phone/tablet access.

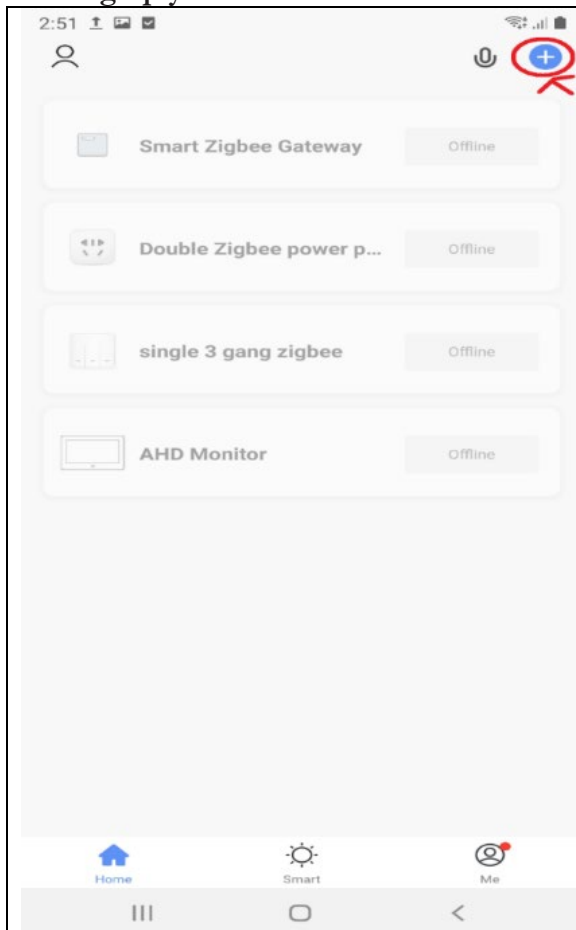

Step 1: Download the SPARKELEC ‘Smart Life’ app from the Apple app store or Android Google play store (If your Android device does not have access to Google play store you can request a copy of the .apk file by emailing us)

Step 2: Register the SPARKELEC ‘Smart Life’ APP

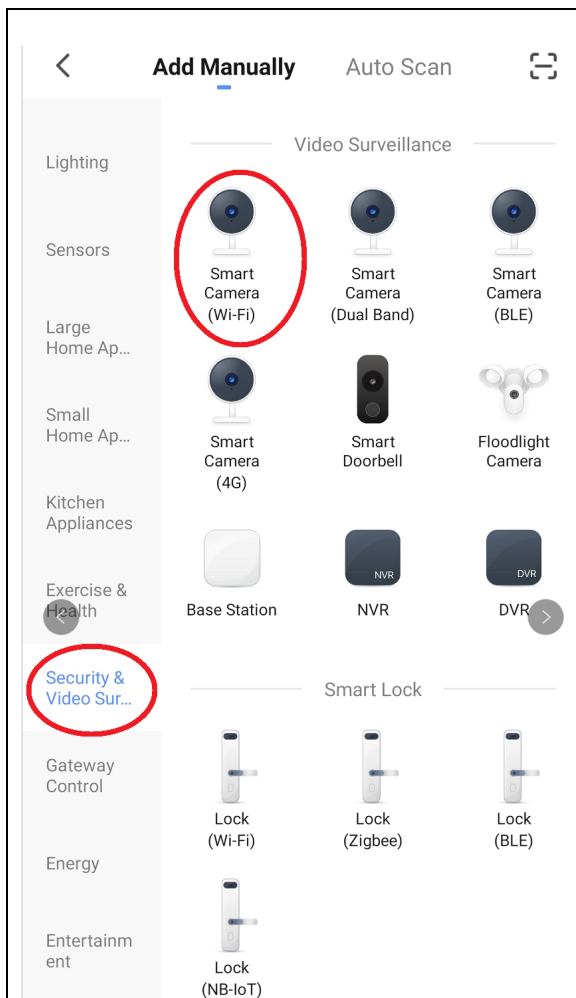

Step 3: Open the SPARKELEC Smart Life App..

- For new users - register a new account **OR**
- If existing user- login with your username and password

***Setting up your Smart Video Intercom -** Once an account has been registered & logged in.

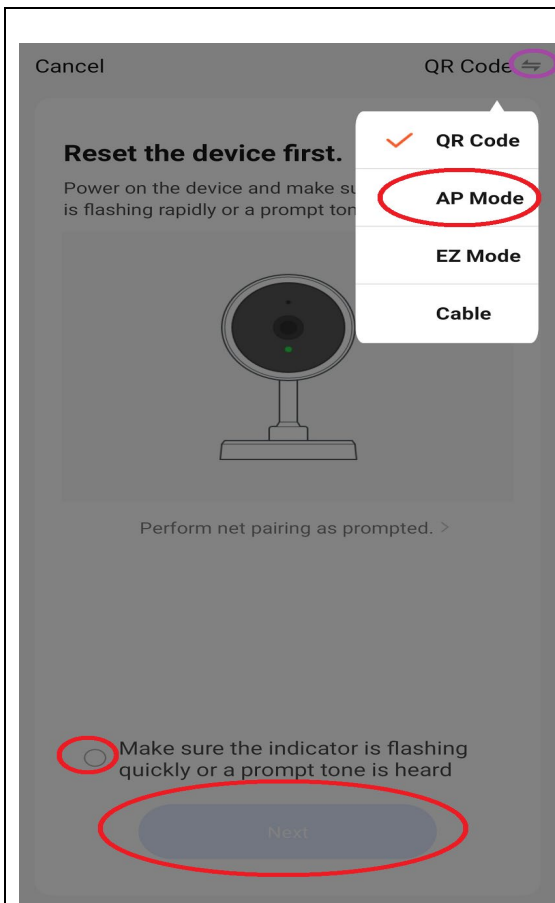

Step 1 – Tap on the Blue “+” Button

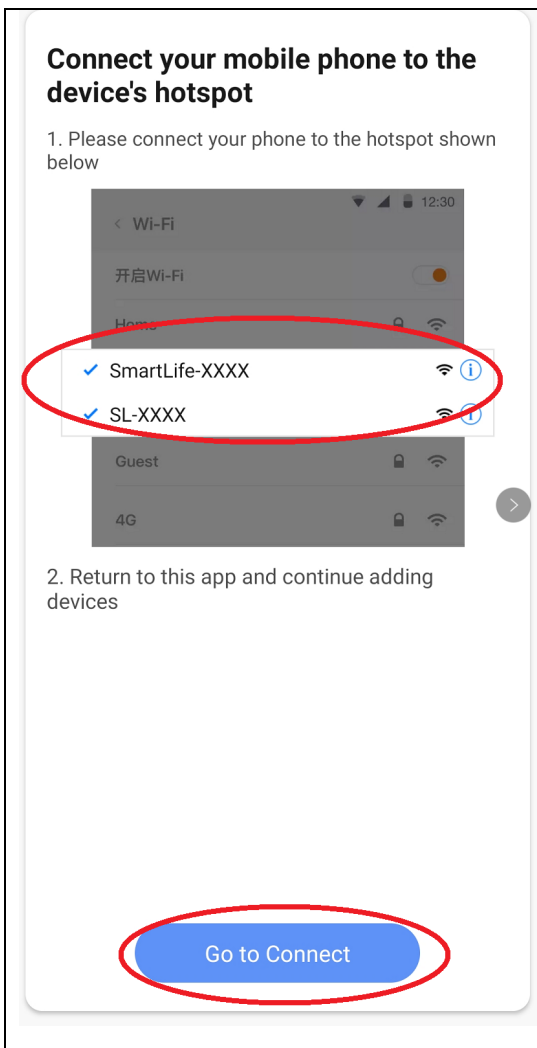

Step 2 – Selection “Auto Scan” or “Add Manually”

Step 3 – Select “Security & Video Surveillance ” From the Menu on the Left and then Select “Smart Camera Wifi

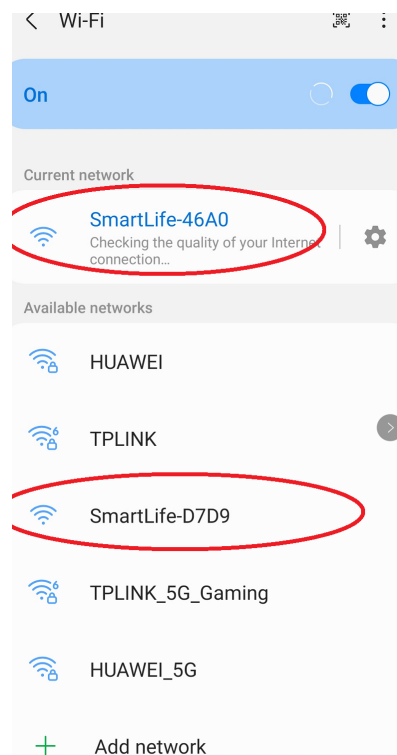

Step 4– Select on the Purple Icon then select “AP Mode”

Step 5– Select “Make sure the indicator...” and Select Next.

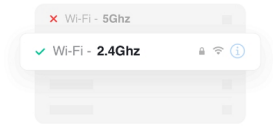

Step 6– Now connect your mobile phone to the SPARKELEC Video Intercom device hotspot. Tap on “Go to Connect”

Step 7– The Device Wi-Fi name should be Smart Life-XXXX. Connect to the Hotspot, no password is required.

Select 2.4 GHz Wi-Fi Network and enter password.

If your Wi-Fi is 5GHz, please set it to be 2.4GHz. [Common router setting method](#)

 **Your Home WIFI NAME** 

 **Your Home WIFI Password** 

Next

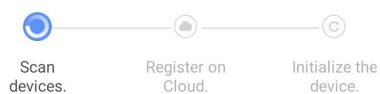

Step 8 – Now go back to the Smart Life App and it will prompt you to enter your Home Wi-Fi access point name and password.

Adding device...

Ensure that the Wi-Fi signal is good.
Ensure that the device is powered on.

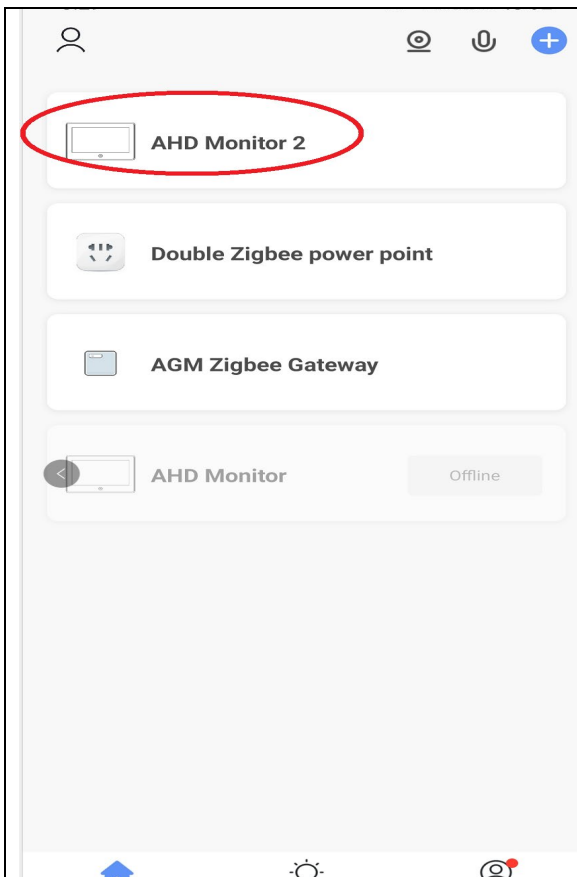

01:53

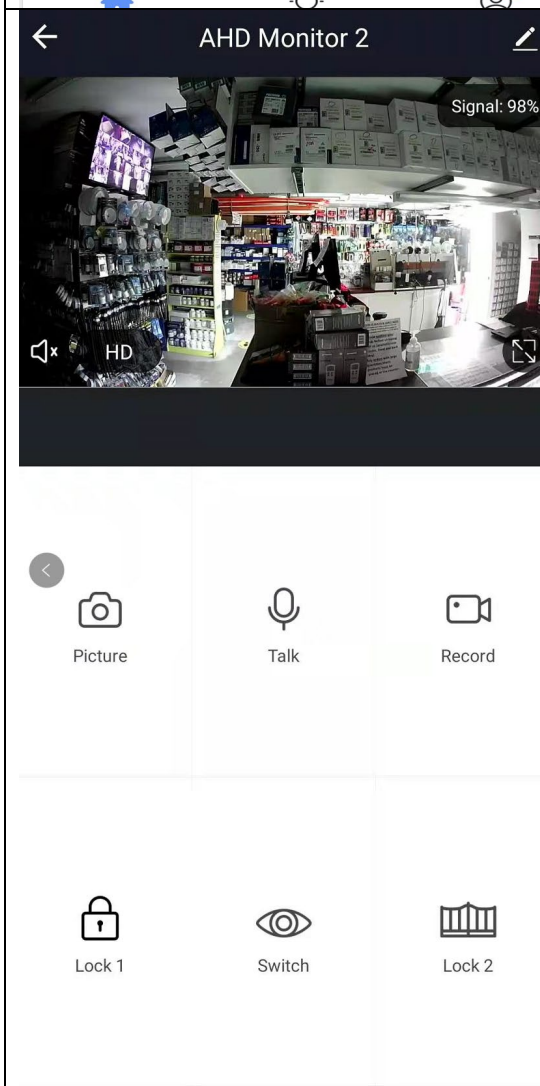

Step 9 – Wait for the device to be added.

****Please Note:** If you have multiple monitors and door stations, you will have to setup each monitor separately by repeating Step 1-9

Congratulations! Your SPARKELEC smart video intercom is now configured.

Now Select “AHD Monitor..” (Name can be changed)

You now have the following features on the app:

- Talk to the individual door station
- Take screenshots
- Unlock doors with electronic door strike
